Yeowch!
Miss Credenza! Are you okay? Did I hurt you? I didn't mean to do anything.
I'm okay... but something wierd just happened. It was dark, but for a second I felt something powerful
That's weird. My tattoo has never done that before. Not even when I wanted it to.
Your tattoo makes people see things?
No, it only will work for me. The power to see into the future has been in my family for generations. This tattoo heightens my powers of awareness, but the visions only come randomly to me. I cannot make the power work on command, few people can. I've never gotten it to work.
You obviously had a vision. But HOW exactly, I'm not sure. Maybe if I poke it....
Ow. That doesn't work. Oh well, maybe it wasn't the tattoo at all.
I don't think you saw anything important anyway.

That's the first time Raven has appeared since a month ago. Why did he appear now? Stranger than that, how did I know it was Raven? It's almost as if I can sense when Raven is in control and when Blitz is in control.

Pulled another one of your little disappearing acts.
Uh, yeah, I guess I did.
But seriously Paollo, I know you aren't the most.. attentive of people, but you can't do this all the time. It's my job to protect you.
I know... I know...
Paollo, do you know this guy?
Oh! Yes! He's the head of the royal guard!
Royal guard? But who-
RUMBLE RUMBLE RUMBLE
Speaking of which, here come the rest. Pity, I had hoped we could finish this quietly.
I apologize in advance for the noise.
CLANK
PRINCE PAOLLO!!!

THUMP
FUMP
WHUMP!
Screeeeech!
CRASH!
One fat joke out of any of you and you guys are dead.
Well it wasn't me who stopped.
Where are my glasses?
Urge to kill... rising.
We've been raised alongside the prince with the sole purpose of keeping him safe. We're some of the most highly trained guards in the world.
Suuuure...
(groan)
Hey, waitaminute Prince? You never told us you're royalty!
Eh-heh, sort of forgot to mention that.
And not just ANY royalty either!
He is the great to the 13th grandson of Ausalius of the all-seeing gaze.
In his hand lies the future of our country.
The direct descendent of Shullania, who destroyed the Northern oppressors.
He's the prince of the Solid Tower, the destined ruler of the Eastern Continent!
God save us all.

So what brings you all the way out to the Archipelago?
Well, the official story is that I'm taking a tour of foreign countries, to promote peace among the five nations.
The real reason though, is that my family wants me out of their hair. Frankly, they're a little embarrassed by me.
But I don't mind. Travel is good for the soul, and I like foreign cuisine.
Credenza, where's Blitz? We've got a bit of a problem in the back room.
Pwi
Moofs got in again, eh?
And they're breeding like crazy. Blitz loves chasing these guys out.
Where is Blitz any way? He was here a second ago...
I think I saw Blitz leave. I hope he isn't out dragging people in the forest.

Where is he?
squidge squidge
Blitz's footprints..
He's heading toward the docks....
Did you see that!?
And why is the mighty jungle king up there?
peep!
I just saw Blitz go past... but there was something wrong. I could FEEL the magic coming off him.
This sounds less like Blitz and more like Raven.
perp
peep
Is he doing this? Or is this more of Blitz's wierdness?
The princes' submarine.
There he is. Why is he sneaking past the guard?
thump
clang
clang

Blitz, what are you doing in there?
Um, excuse me, but you can't go in there, we're leaving in less than an hour after I fix this...
Moof inspection. Do you know what happens if those things get in your submarine and multiply!? (shudder)
Alright, alright, but hurry.
Wow, nice sub. I forgot how cool these things are on the inside. I love submarines...
Heh, looks like the prince likes shiny things too...
Wait a minute...
THWACK
The lock's been magicked open...

What the- CREDENZA? What are you doing here?
Vamuro! Get in here, she's hurt! My gosh, how did you get in here?
We thought you had already left, poor girl, how long have you been here?
Uhnn. frglmrk... monkeys! Noooo...
That's a nasty blow to the head...
It's okay, Vamuro's good with injuries.
I... I need to get back to the inn... just take me back there.
Oh, I'm afraid that's impossible. We're miles away from Ruin Island by now.
WHAT? How far away are we- OW!
We left this morning and the sun will be setting soon. We only realized you were on board when you started moaning.
Miss Credenza, you shouldn't stand!
No, I need to find Blitz and get back to the... owwww...
Seriously, don't. Try not to move your head at all for a while.

Zatachi, we have a problem. We picked up an unexpected passenger from Ruin, we have to turn around.
It's that girl from the inn.
You mean the cute brunette? Why on earth do you want to send her back?
JUST TURN THE STUPID SUB AROUND!
Vummmmmmm
Prince Paollo, I think Blitz hit me on the head.
Blitz? I thought he was your friend.
Blitz IS my friend, but sometimes..
Blitz isn't always himself. He has no control over himself when he's like that.
I bet he's still on the ship somewhere... maybe you-
rk...
PRINCE!
Uhhhhnnnn..

Oh man, why is it all my friends keep having siezures?
Uhhhnnn...
He's having a Vision! His body could overheat if we're not careful.
How can I help?
Try checking his temperature.
Okay
AAAAUUUUGGGGHHHHHH!
Where am I?
Credenza?
(gasp!)
